KEY ACHIVEMENTS

Figma-to-Web Translation
Transformed Figma designs into functional, pixel-perfect web pages using modern front-end technologies.

Responsive Portfolio Creation
Built a portfolio website showcasing professional projects, emphasizing responsiveness and user experience.

SUMMARY

A passionate front-end developer with expertise in creating responsive and dynamic web applications using **HTML5**, **CSS**, **JavaScript**, **TypeScript**, and **Tailwind CSS**. Skilled in transforming designs into functional interfaces, optimizing user experiences, and building scalable web solutions.
Experienced in crafting e-commerce platforms, dynamic blogs, and responsive components with a focus on functionality and visual appeal. Committed to continuous learning and delivering innovative digital solutions.

COURSES

Front End (HTML CSS JAVASCRIPT)   GIAIC Student

MY PASSIONS

⚡ Driven by a strong passion for web development, I thrive on creating responsive, user-friendly, and visually appealing websites. I enjoy working with modern technologies like Next.js, TypeScript, and Tailwind CSS to build innovative solutions that enhance user experiences. Constantly seeking opportunities to learn and grow, I am dedicated to solving real-world problems through creative and impactful web solutions.
